To Whom It May Concern:

I am wholeheartedly recommending Physician Claim Corp for your podiatry billing needs. I started with them in 2005 while I was employed by another podiatrist. When I started my own practice 2 years ago, I did not hesitate to sign up with Physician Claim Corp myself.

There are several reasons why Physician Claim Corp is such a great service. Each employee is very knowledgeable about all aspects of podiatry billing because they focus solely on podiatry. They charge a reasonable rate for all the work they do. They are there for you when you or your patients have billing questions. They are very courteous and professional.

If you have any questions, please feel free to contact me.

Sincerely,
